ACT-AD
Accelerate Cure/Treatments for Alzheimer's Disease

HOME ABOUT US ABOUT THE ISSUE ACTIVITIES RESOURCES TAKE ACTION MEMBERS PRESS ROOM CONTACT US

"We absolutely have to stop this disease - there is just no choice. As a nation, we have to end it now."
- David Shenk, Author, *The Forgetting*

ACT-AD is a coalition of committed national organizations seeking to accelerate the development of potential cures and treatments to slow, halt or reverse the progression of Alzheimer's disease through research.

53 Non-profit Members

Science Advisory Board

Paul Aisen, M.D.

Jeffrey L. Cummings, M.D., Sc.D.

Phyllis E. Greenberger, MSW

Rusty Katz, M.D.

George Perry, Ph.D.

Reisa A. Sperling, M.D., MMSc.

Industry Partners

Anavex

Avanir

Axovant

Bret Goodpaster, Ph.D.

Tamara B. Harris, M.D., M.

Stephen Kritchevsky, Ph.D.

Jay Magaziner, Ph.D., M.S. Hyg.

Marco Pahor, M.D.

Ronenn Roubenoff, M.D., MHS

Stephanie Studenski, M.D., MPH

Bruno Vellas, M.D., Sc.D.

Key Lessons

- Educate yourself on the clinical trial process
- Learn what information is useful for regulatory purposes
- Reconcile your goals with those of the research community and regulated industry
- Work with other advocacy groups in your space
- Listen when FDA speaks about your disease
- Successful engagement does not always=drug approvals
- Acknowledge when FDA has gone above and beyond

CDER Hall of Fame for Engagement

Office of the Center Director

Janet Woodcock, M.D.
Theresa Mullin, Ph.D.
Sara Eggers, Ph.D.

Office of Drug Evaluation-1

Ellis Unger, M.D.
Bob Temple, M.D.

Division of Neurology Products

Billy Dunn, M.D.
Eric Bastings, M.D.
Nick Kozauer, M.D.
Kun Jin, Ph.D., M.S.

Division of Metabolism and Endocrinology Products

Jean-Marc Guettier, M.D.
Marina Zemskova, M.D.

Clinical Outcomes Assessment

Elektra Papadopulous, M.D., M.P.H.
Wen Hung Chen, Ph.D.

Professional Affairs and Stakeholder Engagement

John Whyte, M.D.
Rea Blakey

Office of Health and Constituent Affairs

Salina Prasad, M.S., M.B.A
