## **3 Review**

### **3.1 Documents Reviewed**

1. Lot Release Protocol Template submitted in amendment 125579/0.8 on 14-Aug-2014
2. Lot Release Protocol Template submitted in amendment 125579/0.13 on 30-Oct-2015
- .

### **3.2 Review**

The lot release protocol template submitted in amendment 125579/0.8 on 14-Aug-2015 was reviewed by members of DBSQC and PRB (Product Release Branch). The following comments were sent to SmartPractice on 14-Oct-2015

Throughout document:

1. Please correct pagination throughout document.  
Example: Page 1 of 1 should be Page 1 of 10.
2. Please correct STN to 125579

3. Please correct Licensed Name of Product to Rubber Panel Thin-Layer Rapid Use Epicutaneous Patch Test

Page 1

4. Please remove Virus Strain, Labeled Strength, and Stabilizer.

Page 4

5. Please express the Results for the Negative control patch in terms of less than the numerical detection limit that was evaluated, e.g. (b) (4) instead of Passed test.

Page 10

6. Please remove Page 10. It is not needed as Page One has the standard “All tests passed” statement as required.

The revised LRP template was submitted in amendment 125579/0.13 on 30-Oct-2015  
All comments were adequately addressed.

### **3.3 Conclusions**

The lot release protocol template submitted in amendment 125579/0.13 on 30-Oct-2015 is acceptable for use.
