Please note that the lot numbers in this table only represent the numeric portion of the lot number identification for test kits whose printed expiration dates have been extended. Customers may find that their test kits have printed lot numbers with additional alphabetic characters after the numeric value. If your test has a lot number listed in the table above followed by additional letters, the extended expiration dates listed also apply.

For example: a test with lot number 201843AR or 201843C, would have the same extended expiration date as lot number 201843 indicated on the table.

Please note that the lot numbers in this table only represent the numeric portion of the lot number identification for test kits whose printed expiration dates have been extended. Customers may find that their test kits have printed lot numbers with additional alphabetic characters after the numeric value. If your test has a lot number listed in the table above followed by additional letters, the extended expiration dates listed also apply.

For example: a test with lot number 201843AR or 201843C, would have the same extended expiration date as lot number 201843 indicated on the table.

Lot Number	Tests with this printed expiration date (Year-Month-Day)	Now have this extended expiration date (Year-Month-Day)

Please note that the lot numbers in this table only represent the numeric portion of the lot number identification for test kits whose printed expiration dates have been extended. Customers may find that their test kits have printed lot numbers with additional alphabetic characters after the numeric value. If your test has a lot number listed in the table above followed by additional letters, the extended expiration dates listed also apply.

For example: a test with lot number 201843AR or 201843C, would have the same extended expiration date as lot number 201843 indicated on the table.

Lot Number	Tests with this printed expiration date (Year-Month-Day)	Now have this extended expiration date (Year-Month-Day)

Please note that the lot numbers in this table only represent the numeric portion of the lot number identification for test kits whose printed expiration dates have been extended. Customers may find that their test kits have printed lot numbers with additional alphabetic characters after the numeric value. If your test has a lot number listed in the table above followed by additional letters, the extended expiration dates listed also apply.

For example: a test with lot number 201843AR or 201843C, would have the same extended expiration date as lot number 201843 indicated on the table.

224875, 224880	2024-01-21	2024-08-21
224068, 224883	2024-01-22	2024-08-22

Please note that the lot numbers in this table only represent the numeric portion of the lot number identification for test kits whose printed expiration dates have been extended. Customers may find that their test kits have printed lot numbers with additional alphabetic characters after the numeric value. If your test has a lot number listed in the table above followed by additional letters, the extended expiration dates listed also apply.

For example: a test with lot number 201843AR or 201843C, would have the same extended expiration date as lot number 201843 indicated on the table.

Lot Number	Tests with this printed expiration date (Year-Month-Day)	Now have this extended expiration date (Year-Month-Day)
