FEEDING TABLE

Age of infant	Quantity per feed		Feeds per day
	Cooled, boiled water (mL)	Level measuring scoops of powder	
Up to 2 weeks	60	1	7-8
Up to 1 month	120	2	6
Up to 2 months	120	2	6
Up to 4 months	180	3	5
Up to 6 months	180	3	5

1 scoop = 8.8 g of powder. The Feeding Table is only a general guide. Your baby may need more or less than indicated.

BELLAMY'S ORGANIC

A PURE START TO LIFE

We only use certified organic cow's milk. It's pretty special.

Our pastures aren't sprayed with synthetic pesticides

Our soil isn't treated with synthetic fertilisers

Our milking cows aren't treated with antibiotics

Our cows aren't injected with growth hormones

Our cows aren't fed with genetically modified grain, corn or soy (GMOs)

Less than 1% of the world's dairy milk is certified organic*

Our organic products are dual certified by NASAA and ACO.

INGREDIENTS: Organic milk solids (72.0%) [organic demineralised whey powder (milk), organic whole milk liquid or powder, organic lactose powder (milk), organic skim milk liquid or powder, organic whey protein concentrate (milk)], Organic vegetable oils [organic palm olein oil, organic soy oil, organic coconut oil, emulsifier (organic soy lecithin)], Organic galacto-oligosaccharides (GOS) (milk), Minerals (potassium chloride, calcium carbonate, calcium phosphate, potassium phosphate, magnesium chloride, sodium citrate, ferrous sulphate, zinc sulphate, copper sulphate, sodium selenite, potassium citrate, manganese sulphate, potassium iodide), Dried DHA (fish) and ARA oils (milk solids, emulsifier (soy lecithin), antioxidants (sodium ascorbate, mixed tocopherols, ascorbyl palmitate)], Vitamins (sodium ascorbate, vitamin E acetate, niacinamide, vitamin A acetate, D-calcium pantothenate, vitamin D3, d-biotin, folic acid, vitamin K1, thiamin hydrochloride, pyridoxine hydrochloride, vitamin B12).

CONTAINS: Milk, fish, soy.
Bellamy's Organic Infant Formula is based on cows' milk protein.

Made in Australia - ingredient sources vary - average 46% Australian ingredients - call +61 3 6332 9200 for details

100% of our fresh milk is sourced from certified organic farms in Australia. Other milk ingredients are sourced from certified organic farms in Australia, New Zealand, Europe or the US. We strive to source the best Australian ingredients, but this is not always possible due to seasonality and the rarity of organic ingredients.

NUTRITION INFORMATION

	Average quantity per 100 mL of prepared feed
Energy	283 kJ
Protein	1.4 g
- Whey protein	0.84 g
- Casein protein	0.56 g
Fat	3.4 g
- Omega 3	78 mg
α-Linolenic acid (ALA)	68 mg
Docosahexaenoic acid (DHA)	10.1 mg
- Omega 6	737 mg
Linoleic acid (LA)	726 mg
Arachidonic acid (ARA)	10.7 mg
Carbohydrate	7.6 g
VITAMINS	
Vitamin A	69 µg RE
Vitamin B6	46 µg
Vitamin B12	0.29 µg
Vitamin C	14.5 mg

Prebiotic: GOS ¹	200 mg

¹ GOS – Galacto-oligosaccharides

ORGANIC INFANT FORMULA

Made from nature. Optimised by science.

0-6 MONTHS

NET 900 g e

1

- ✓ Nutritionally Complete
- ✓ Scientifically Researched
- ✓ Trusted by Australian Families

HOW TO PREPARE

- 1 Wash hands before preparing the feed. Clean and then sterilise all feeding equipment by boiling for 5 minutes or using an approved steriliser.
- 2 Boil safe drinking water and allow to cool to feeding temperature. Consult feeding table. Pour required volume of water into a sterilised bottle.
- 3 Use only the enclosed scoop. Always use a dry scoop. Fill with formula powder and level off using the levelling blade on the tin.
- 4 Always add one level scoop of powder for each 60 mL of water. Cap bottle and shake or swirl until powder dissolves.
- 5 Before feeding your baby, always test temperature on the inside of your wrist. Prepare each feed individually, use immediately and discard any unfinished feed. If feed is to be stored prior to use, refrigerate and use within 24 hours.

IMPORTANT NOTICE: BREAST MILK IS BEST FOR BABIES.

BEFORE YOU DECIDE TO USE THIS PRODUCT, CONSULT YOUR DOCTOR OR HEALTH WORKER FOR ADVICE.

WARNING: FOLLOW INSTRUCTIONS EXACTLY. PREPARE BOTTLES AND TEATS AS DIRECTED. DO NOT CHANGE PROPORTIONS OF POWDER EXCEPT ON MEDICAL ADVICE. INCORRECT PREPARATION CAN MAKE YOUR BABY VERY ILL.

INFANTS OVER 6 MONTHS SHOULD BE OFFERED SOLID FOOD IN ADDITION TO THIS PRODUCT.

STORAGE: Always store in a cool, dry place. Use contents within 4 weeks of opening. Use by date and batch code located on the base of the tin. Fill is by weight not volume. Some settling of the powder may occur. Do not use if foil seal is damaged or missing. Once opened, remove foil seal completely, and keep tin closed with plastic lid.
