28	Georgia	Honey	Retail	-	-
29	Georgia	Chestnut Honey	Retail	-	-
30	Germany	Forest Honey**	Retail	-	-

* All honey comes from either floral sources (i.e., the nectar of flowering plants) or honeydew sources (i.e., the excretions of plant sucking insects on the living parts of plants or secretions of living parts of plants).

† The agency collected all samples from either bulk or retail packaged shipments. Bulk shipment collection involved aseptic collection, typically from drums or barrels. Retail packaged shipment collection involved sample collection of jars or other containers intended for retail.

‡ Sample in compliance (no follow-up action required). This reference applies to all instances of the dash.

§ Variety or source – floral or honeydew – not specified. This reference applies to all instances where only honey is listed.

** Forest Honey is a type of honeydew honey.
