

Our STN: BL 125251/389

SUPPLEMENT APPROVAL PMR FULFILLED March 22, 2024

OCTAPHARMA Pharmazeutika Produktionsges.m.b.H. Attention: Sergio Alegre Octapharma USA, Inc. 117 West Century Road Paramus, NJ 07652

Dear Sergio Alegre:

We have approved your request received July 17, 2023, to supplement your Biologics License Application (BLA) submitted under section 351(a) of the Public Health Service Act for von Willebrand Factor/Coagulation Factor VIII Complex (Human) to include the WIL-30 clinical study data in the Prescribing Information to fulfill PREA requirements for children 1<12 years of age for the treatment of Hemophilia A.

LABELING

Under 21 CFR 201.57(c)(18), patient labeling must be referenced in section 17 PATIENT COUNSELING INFORMATION. Patient labeling must be available and may either be reprinted immediately following the full prescribing information of the package insert or accompany the prescription product labeling.

We hereby approve the draft content of labeling Package Insert, Patient Package Insert, and Instructions for Use submitted under amendment 8, dated March 13, 2024.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, please submit the final content of labeling (21 CFR 601.14) in Structured Product Labeling (SPL) format via the FDA automated drug registration and listing system, (eLIST) as described at <u>http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/</u> <u>default.htm</u>. Content of labeling must be identical to the Package Insert, Patient Package Insert, and Instructions for Use submitted on March 13, 2024. Information on submitting SPL files using eLIST may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As* at <u>http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guida</u> nces/UCM072392.pdf.

The SPL will be accessible via publicly available labeling repositories.

All final labeling should be submitted as Product Correspondence to this BLA, STN BL 125251 at the time of use and include implementation information on Form FDA 356h.

ADVERTISING AND PROMOTIONAL LABELING

You may submit two draft copies of the proposed introductory advertising and promotional labeling with Form FDA 2253 to the Advertising and Promotional Labeling Branch at the following address:

Food and Drug Administration Center for Biologics Evaluation and Research Document Control Center 10903 New Hampshire Ave. WO71–G112 Silver Spring, MD 20993-0002

You must submit copies of your final advertising and promotional labeling at the time of initial dissemination or publication, accompanied by Form FDA 2253 (21 CFR 601.12(f)(4)).

All promotional claims must be consistent with and not contrary to approved labeling. You should not make a comparative promotional claim or claim of superiority over other products unless you have substantial evidence or substantial clinical experience to support such claims (21 CFR 202.1(e)(6)).

For each pending supplemental application for this BLA that includes proposed revised labeling, please submit an amendment to update the proposed revised labeling with the changes approved today.

FULFILLED POSTMARKETING REQUIREMENT/COMMITMENTS

This submission fulfills your postmarketing requirement PMR #1 identified in the September 25, 2019 approval letter for STN BL 125251/244 for von Willebrand Factor/Coagulation Factor VIII Complex (Human). The requirement addressed in this submission is as follows:

1. Deferred pediatric study under PREA for the treatment of hemophilia A in pediatric patients 1<12 years of age (WIL-30).

Final Protocol Submission: June 19, 2017

Study Completion Date: March 30, 2019

Final Report Submission: December 31, 2019

PEDIATRIC REQUIREMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients, new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication in pediatric patients unless this requirement is waived, deferred, or inapplicable.

We note that you have fulfilled the pediatric study requirement for ages 1 to <12 years for this application.

We will include information contained in the above-referenced supplement in your BLA file.

Sincerely,

Lola Fashoyin-Aje, MD, MPH Acting Director Division of Clinical Evaluation Hematology Office of Clinical Evaluation Office of Therapeutic Products Center for Biologics Evaluation and Research
