Topics

- Description of ITACS
- System Requirements
- Benefits to the Trade and FDA
- Walkthrough of Functionality

ITACS – Web Users

ITACS currently provides web users with 4 functions:

- ❖ the ability to check the status of FDA-regulated entries and lines
- ❖ the ability to submit entry documentation electronically
- ❖ the ability to electronically submit the location of goods availability for those lines targeted for FDA exam
- ❖ the ability to check the estimated laboratory analysis completion dates

No login accounts are necessary to access these functions. All that is needed is a valid Customs entry number that has been successfully transmitted to FDA.

ITACS – Account Users

ITACS Account Management allows users to:

- ❖ Receive Notices of FDA Action via email*
- ❖ Retrieve Notices of FDA Action as downloads from within ITACS
- ❖ View the details of specific information requests, which are distributed as Notices of FDA Action
- ❖ View line by line status history report

ITACS accounts will also allow for future enhancements requested by the Import Trade Community which require user verification.

*Receipt of Notices of FDA Action via email is optional and will take the place of paper Notices if chosen. Account users will be able to retrieve Notices by downloading them from within ITACS regardless of whether they opt to receive them via email or regular mail.

ITACS – Account Users

- To view the ITACS Account Management presentation visit FDA's ITACS for Industry web page: [ITACS | FDA](#)

Details:

- Background and Overview of ITACS Account Management
- Creating a New Account
- Retrieving Notices of FDA Action from ITACS
- View line by line status history report
- Managing your Account, Users and Groups

Trade System Requirements

- ITACS Internet access - <https://itacs.fda.gov>
- Security – Web User
 - Accounts Not Required
 - Only Entry Number/Line Number needed
 - Limited functionality available
- Security – ITACS Account User
 - Approved ITACS Account required to receive Notices of FDA Action and Specific Information requests via email and/or to download them from within ITACS.
- FURLS account access: <https://www.access.fda.gov/oa/>

FDA System Requirements

- File size limitation increased to 5 files of 50 MB each, for a total of 250 MB per submission
- No limit to the number of submissions that can be made if more than 5 files need to be uploaded
- Variety of document types accepted including PDF, Word and Excel
- Virus scanning of submitted documents
- Receipt of conveyance arrival information from CBP is required for truck and air shipments for ITACS to display the status

Benefits – Entry/Line Status

- Allows a quick way to check on the status of entries successfully transmitted to FDA
 - No time waiting for return phone calls
 - More specific information regarding a shipment during the admissibility process
 - Displays expected Laboratory Time Frames for sampled lines
 - Ability To Query Closed Entries
 - Can still use when CBP/FDA Interface is unavailable
 - Enables FDA to focus resources on expediting review of entries and completion of designated shipment examinations

Benefits - Document Submission

- Entry Document Submission
 - No need to copy documents for FDA
 - No need to fax or deliver documents to FDA
 - No problems with lost document submissions
 - Documented date and time of document upload
 - No need to for FDA to retain paper copies of entry documentation
 - Provides all FDA staff easy access to documents via FDA's Import systems

Note that review of documents submitted to FDA via ITACS is prioritized over review of documents submitted to FDA via other means.

Benefits – Availability Information

- Shipment Availability Information
 - No faxing
 - No phone calls
 - Less confusion between trade and FDA about date and location of availability
 - Documented date and time of submission of information

Note that availability (location) information should not be submitted in advance of the product being available for examination by FDA.

Benefits – ITACS Accounts

- ITACS Accounts
 - Faster receipt of Notices of FDA Action either via e-mail or via download from within ITACS
 - No need to wait for hard copy mailed Notices of FDA Action
 - No need to maintain paper copies of Notices of FDA Action as they will continue to be available in ITACS even after an entry is closed
 - Receipt of requests for specific information sent via email or via download within ITACS
 - Can view/download line by line status history report

Checking Entry/Line Statuses

Checking Statuses

- Enter a valid entry number
 - line numbers may be entered but are optional and will return no results if entered incorrectly.
- Satisfy the CAPTCHA requirement
- Click “Submit”

Note that ITACS will display the status for closed entries. However; if the entry has been closed by FDA you will not be able to upload documents or submit availability information.

Checking Entry/Line Statuses
