SPL Pathways

Pathways for successful creation & submission of SPL R4 Documents
Scenarios eBooks Series

Configuring Your Computer to Read System-Generated Error Messages

Version 1.0

Purpose: This SPL R4 training Pathways eBook is to be utilized as a guide if you are experiencing technical difficulties resulting in your inability to view the system-generated error message you have downloaded.

(For Internet Explorer 7)

Step 1: Click the "Tools" menu and select "Internet Options".

Step 2: Click the "Security" tab.

Step 3: Click the "Custom level" button.

Step 4: Scroll down to the "Miscellaneous" section.

Step 5: Enable the "Access data sources across domains".

Step 6: Click "OK" to accept the update.

Step 7: Click "OK" to close the security dialog.
